## SUMMARY OF THE TREATY

### IMPORTANT DETAILS MADE KNOWN

#### The "War Party" Displeased in Russia—Japan is Silent—Action of M. Witte May Make Enemies at Home

Portsmouth, N. H., Aug. 30.—Actual work of drafting the "treaty of Portsmouth" began today. It is being done by Mr. De Martens and Mr. Denison, acting as legal advisors for the respective sides. While the "bases" of peace have been accepted by the plenipotentiaries, considerable detail remains to be worked out in elaboration of articles of the treaty. This is especially true in regard to articles dealing with the Chinese Eastern railway and surrender of leases of Liao Tung peninsula and Port Arthur and Taitienwan (Dahly).

A very anomalous situation exists as to the impression created by conclusion of peace. While the outside world applauds, in Japan there is evidently great disappointment in the terms, and in Russia, where it would seem there should be universal rejoicing over the great diplomatic victory Witte has won, the government seems to have received it coldly. With the people it will make Witte a great and popular figure and add to his laurels, but at court, evidently the very victory Witte has achieved makes it all the more bitterly resented. It is an open secret that when the emperor appointed Witte chief plenipotentiary the "military party" expected him to fail. They did not want peace, and it was freely predicted in St. Petersburg when Witte left that he had been given an impossible mission. They expected him to fail in the negotiations or to make a "bad peace," as it either would have spelled political ruin. Instead, upon the very terms upon which the emperor told Ambassador Meyer he would make peace and upon which the military party did not believe it possible for peace to be negotiated, Witte succeeded in securing a treaty honorable, a treaty to the circumstances, favorable to Russia. This has evidently only exasperated his enemies the "war party" and is again a work to be done in the future. It is now said that the emperor has issued orders, and that personally he would to the end to his original determination to cede territory or give in.

It is said that receipt of the plenipotentiaries is able to give additional details in regard to the conditions. The most important of all is the formal recognition of Japan's right of the Chinese Eastern railroad. The Chinese interest in the road and China must be remembered. The matter of ultimate possession of the road is a matter to be settled between Japan and China. Japan can keep the road or surrender it to China, demanding return of the money paid by Russia to China. It is also the latter's contention that it will therefore obtain an indirect right of the road from Russia, the above mentioned sum in addition to reimbursement for cost of maintaining the Russian prisoners of war.

Another important provision, is that Japan's succession to Port Arthur and Liao Tung leases, which Russia surrenders, is conditional upon China's assent. An armistice was not arranged to day, and it is not improbable the armistice will be concluded directly by generals on the field of battle.

The following statement of the Japanese plenipotentiary which governed their decision to waive the question of indemnity can be accepted as authoritative: Japan fully realized she was making a sacrifice for peace, but she was looking to the future. It was not a question of whether war could be successfully continued, but of whether peace was not now more advantageous to Japan. Japan had already gained all she fought for. It was only the "spolia of war" that remained, and having achieved the real objects of the war, she could afford to forego the spoils rather than be placed in the position of fighting for money. While Japan believed she was entitled to spoils, she felt her position was so strong and her success so complete that she could yield without detracting from the force of her victory.

Denison and De Martens worked until midnight to night on the draft of the treaty. They completed wording of the preamble and three articles and were discussing articles relating to cession of the Chinese Eastern railway when they adjourned until tomorrow.

**BISHOP HAS RESIGNED.**  
New York, Aug. 30.—As a result of serious illness brought about on account of the treatment accorded him by a priest of a colored church in this city, Bishop W. Arnett has resigned as bishop of the New York diocese of the Episcopal church.

## TO CONFER

### Norway and Sweden Will Now Hold a Peace or War Conference.

Christiania, Norway, Aug. 30.—The Norwegian plenipotentiaries appointed to confer with plenipotentiaries from Sweden on the question of dissolution of the union left for Carlsbad this afternoon. All evening papers express conciliatory sentiment and best wishes for the result of the conference, referring to the example set by the peace conference at Portsmouth and urging the plenipotentiaries to come to an amicable agreement. The first meeting of the plenipotentiaries will be held at Carlsbad tomorrow.

Carlsbad, Aug. 30.—The opening of negotiations here to morrow between Swedish and Norwegian plenipotentiaries on the question of dissolution of the union is awaited with intense interest. The question mostly discussed is as to what for Sweden will call upon Norway to abolish. The Associated Press has reason to believe these will be the fortresses of Frederiksten, Kongsviger, Orje and Dingsrud, but it is understood Norwegians will refuse to abolish those of Frederiksten and Kongsviger. Norwegian delegates arrived at night. Their hands are tied by decision of the storting that nothing shall be decided by them without its consent. The Swedish delegates will arrive in the morning.

**ACCIDENTAL DISCHARGE OF GUN.**  
Wilbourne, Ill., Aug. 30.—As the result of the accidental discharge of a shot gun Elmer R. Upp, a school teacher of Taitiorville, lies dead at the farm house of his uncle, M. P. Upp, two miles southwest of here.

## TROUBLE EXPECTED

### Illinois Sheriff and State Fish Commissioner Clash in Regard to Seining Rights.

Washington, Aug. 30.—The conflict between the Illinois fish commission and Sheriff Whitmore, of Joe Davis county, Illinois, over the right to sein boys on the Mississippi river to save fish lost there after high waters had receded has subjected R. H. Johnson, agent of the United States fish commission to danger of arrest.

The latter is fishing under authority issued by state authorities against the protest of Sheriff Whitmore. Johnson to day wired the department of commerce and labor for instructions and he was told to proceed with seining under permission the state authorities have given him in as much as the state fish commission has promised to support the government in the work it is doing. Trouble is expected.

**WIFE SLAYS HUSBAND.**  
Chicago, Aug. 30.—William C. Vanvorhees, aged 37, was shot and killed by his wife, Elizabeth, 35, in their restaurant at Thirty-first and Loomis street early to day. The motive for the shooting is unknown.

**ROYAL ARCANUM.**  
Put-in-Bay, Ohio, Aug. 30.—The first session of a special meeting of the supreme council of the Royal Arcanum to hear protests from delegates representing a number of states relative to the recent advance in assessment rates made at the Atlantic City meeting was held here this afternoon. A public meeting was held to night and speeches made by protesting delegates, who represent eleven states. The action of the Atlantic City convention was declared to be in no sense the voice of the members. A New York delegate appealed to the supreme council to consider that the retention of new rates meant destruction of the order.

Howard C. Wiggins, supreme regent, in his address set forth that the changes in the rates had been demanded to maintain the integrity of the order and said the new rates were based on deep research. The conference will continue to morrow.

**SOLA FOUNTAIN EXPLODED.**  
Bloomington, Aug. 30.—The explosion of a soda fountain tank this evening at Hopedale tore off Turner Seltersman's right arm at the shoulder, injured two other persons and caused Mrs. J. Eichenberger to die shortly after the accident of heart failure superinduced by the shock.

**CALEB POWERS' CASE.**  
Washington, Aug. 30.—Appeals of Kentucky in its case against Caleb Powers' prosecution on charge of being a party to the murder of Governor Goebel, was docketed to day in the United States supreme court. The state's appeal is from the decision of Judge Cochrane of the federal court and the only question involved is that of jurisdiction. The names of former Governors Black of New York, and Yates of Illinois, appear in the list of Powers' attorneys.

**CAUSED GENERAL STRIKE.**  
Libau, Russia, Aug. 30.—A general strike has been brought about here by order for mobilization of troops.

## A FLOOD OF COMPLIMENTS

### THE PRESIDENT EULOGIZED BY ALL.

#### What the World at Large Thinks of the Peace Adjustment—Little Manifestation at St. Petersburg.

St. Petersburg, Aug. 30.—Peace news was received here without any manifestations of joy. The city shows absolutely no evidence of receipt of the tidings. It can safely be said the general feeling among more intelligent classes is that just as there has been no rejoicing at the peace, so there will be no further bloodshed, but "in glorious peace" is disappointing to many. Reception of the news here shows plainly the war has been foreign to the masses, who in no sense have been in sympathy with its objects.

Saratov, Russia, Aug. 30.—People here received the press announcement of peace enthusiastically. Official announcement is awaited impatiently, after which there will be celebrations.

Odesa, Aug. 30.—News of the conclusion of peace was received by all classes here with sincere joy and immense relief, especially as promulgation of a ukase for mobilization of troops on the previous day clearly indicated possibility of continuation of the war. Peace terms are considered a great victory for Russian diplomacy, and especially for Witte.

Rome, Aug. 30.—The pope was informed of conclusion of peace in the far east early this morning. He immediately rose, exclaiming: "This is the happiest news of my life. Thank God for President Roosevelt's courage." The pontiff telegraphed later to Emperor Nicholas his congratulations to him and to the world.

London, Aug. 30.—There was a buoyant feeling exhibited to day on the stock exchange and all continental bourses. Stocks of all descriptions made advances. Russian and Japanese bonds showed substantial gains.

**PRESIDENT HONORED.**  
Oyster Bay, N. Y., Aug. 30.—Crowded heads of the world unite with distinguished statesmen of America and Europe in according the glory of peace between Russia and Japan to President Roosevelt. Throughout last night and to day congratulations poured in upon the president in a great flood. They came from persons of low and high degree and from all quarters of the civilized world.

Christiania, Norway, Aug. 30.—The Nobel peace prize committee, headed by President Roosevelt, congratulated on his work "for peace of the world and for humanity."

Carlsbad, Aug. 30.—The Associated Press has the highest authority for stating there is strong probability President Roosevelt will receive the Nobel peace prize next year.

Berlin, Aug. 30.—Emperor William to day received the following cablegram from President Roosevelt in reply to his majesty's congratulations on the result of the peace conference:

"I thank you most heartily for your congratulations and wish to take this opportunity to express my profound appreciation of the way you co-operated at every stage in the effort to bring about peace in the orient. It has been a very great pleasure to work with you toward this end."

Libau, Aug. 30.—The city is decorated with flags to day on account of receipt of news peace arrangement had been concluded at Portsmouth. The news was received with general joy and arriving on the first day of mobilization of reservists had a tranquilizing effect.

Oyster Bay, N. Y., Aug. 30.—Among the scores of messages received by the president to day were congratulations from General Booth of the Salvation Army; General King, commander-in-chief of the Grand Army; Senators Platt of New York, Hansbrough of North Dakota and Alger of Michigan; Representative Hitt of Illinois, chairman of the house foreign committee; the archbishop of Canterbury; Andrew Carnegie and the latter's guests at Skibo castle; Emperor William; the regent of Egypt, Fakhyr Pashe; the International Congress of Reformed Religions at Geneva, Switzerland.

Washington, Aug. 30.—It is regarded here as probable that immediately upon the conclusion and final signature of the treaty of peace between Russia and Japan there will be renewed effort to secure another meeting of The Hague conference in accordance with President Roosevelt's suggestion to the powers last spring.

**EXECUTION STAYED.**  
St. Paul, Minn., Aug. 30.—C. D. Crawford, sentenced to be hanged for the murder of Helmo Lundin, in Shorburn county, was given a stay of execution by the supreme court to day.

**WILL CONSOLIDATE.**  
Milwaukee, Aug. 30.—The conference committee of the Associated Fraternities of America and National Fraternal congress has agreed upon a plan looking to consolidation of the two organizations.

## ECLIPSE OF SUN.

### Phenomenon Visible at Many Points—Nothing New Noted by Scientists.

Washington, Aug. 30.—The eclipse of the sun was only partial at this point. Astronomers at the naval observatory were enabled to observe three spots on the sun. This is no discovery, however, as the presence of the spots had become known before.

Chicago, Aug. 30.—Thousands of citizens arose at dawn to day to witness the spectacle of the partial eclipse of the sun. On the south side they were successful to a degree, but along the north shore clouds of smoke rendered the phenomenon invisible.

St. Louis, Aug. 30.—The sky enabled a fine view of the partial eclipse of the sun to day. The moon's shadow on the sun was visible from dawn at 5:30 until 6:28.

Cambridge, Mass., Aug. 30.—Observations of the sun eclipse at the observatory to day was impossible because of the clouds. Paris, Aug. 30.—The eclipse of the sun was observed here under the most favorable conditions. Dispatches from Burgos, Spain, report excellent results were obtained by all scientific expeditions. Astronomers gathered in various districts of Tunis successfully carried out experiments and established valuable astronomical data.

Guelma, Algeria, Aug. 30.—An American astronomical expedition, headed by Rear Admiral Chester, superintendent of the United States naval observatory, succeeded in obtaining a splendid photograph of the eclipse of the sun. The expedition also by means of a special apparatus sketched the sun's protuberances.

**CHARGED WITH STEALING.**  
Chicago, Aug. 30.—Charged with stealing diamonds and jewelry valued at \$12,000, Sol Caro, a traveling salesman for a jewelry firm here, was arrested to day. Caro has been employed by the firm many years and was implicitly trusted. He carried his stock with him and traveled over a wide territory. It is said the shortage was discovered some time ago. Caro on his return to Chicago was confronted with the accusation. He denied the charge, but a warrant was secured by Martin Madison, head of the firm.

**LARGELY ATTENDED.**  
Beloit, Wis., Aug. 30.—Thousands of people attended the Rock River association at Honoghark park to day. State Senator Whitehead, of Jonesville, and Rev. G. B. Van Horn, of Rockford, were the orators.

**TENNIS GAMES.**  
Newport, R. I., Aug. 30.—Benis C. Wright, of Boston, by defeating Clarence Hobart, of New York, to day in straight sets 6-4, 6-1, 6-3, won the honor of meeting Holcombe Ward, of Orange, N. J., for the national tennis championship in singles to morrow. Ward and Wright successfully defended the championship in doubles last Wednesday. They were members of the American team which went to England in quest of the Davis cup and they have been in nearly every championship event for many years.

**WAR NEWS.**  
Marinsk, West Siberia, Aug. 30.—Japanese have landed 3,000 inhabitants of Sakhalin at Decastres, West Siberia, many of whom were women and children and some sick persons, who were forced to march to the coast, causing them terrible suffering.

**MESSAGE TO LINEVITCH.**  
St. Petersburg, Aug. 30.—War Minister Rudiger spent the day with Emperor Nicholas at Krasnoye-Selo, the big military camp near Peterhof. The war office this afternoon addressed a letter to Rudiger asking for instructions regarding preparations to forward troops to the front and also regarding mobilization, but no answer has been received. There is reason to believe, however, Rudiger after conferring with the emperor sent a message to Linevitch concerning an armistice. It is impossible to learn just what the general said, but the war office is most desirous of averting an engagement which might result in needless loss of life.

**EARTHQUAKES.**  
Portsmouth, N. H., Aug. 30.—A series of earthquake shocks, the most severe ever experienced in this section, were felt here this afternoon. Buildings trembled perceptibly, dishes were shaken from shelves and in many cases people rushed in terror from their houses into the street. There were three distinct shocks and in each instance the tremor was accompanied by a sound like an distant explosion. Shocks were felt along the entire New England coast line. In the business section of the city shoppers and employees of stores rushed out into the streets, believing the buildings were about to collapse. Each of the shocks continued several seconds.

**BROKE HER PROMISE.**  
New York, Aug. 30.—Rena Sanna, aged 24, a Norwegian girl, was killed here to day by her fiance, Rudolph Williamson, aged 28, who had paid her passage from Norway in order to make her his wife, and to whom she had broken her promise to marry him. Williamson shot himself and will die.

## BIG LOAN TO BE PLACED

### RUSSIA AND JAPAN NEED MONEY.

#### Wall Street Financiers Ready to Advance the Cash on Demand—London, Paris and Berlin to Take Part.

New York, Aug. 30.—Wall street heard to day from the best of authority that both Russia and Japan will float large loans here. In fact, it was said that financiers here have had the terms of a Russian loan in mind for several months past and the Russian government has known that upon the conclusion of peace it could raise money here. On the other hand, both the combatants have known how difficult it would be to get the funds to continue warfare. A matter of great interest regarding the forthcoming loan is that American bankers will take the initiative in floating it. Hitherto the foreign bankers have taken the first step in raising money for the combatants and American bankers were asked to associate themselves with the foreign houses. But the American firms will this time ask London, Berlin and Paris to take a part in the new loan.

As to how much money would be raised here no one with authority would say anything. An estimate was that \$100,000,000 might be the sum. Although one or two well known banking firms will assume the leadership in the new loan, it was stated that a syndicate including many other banks and firms would participate. Local banks will also take the initiative in another Japanese loan, the amount of which is not known.

One opinion expressed by bankers here was that Russia while not paying an indemnity would have to make some heavy payments to Japan for food and lodging of Russian prisoners. So great would these payments be that the opinion of one banker was that they would amount to an indemnity.

General opinion seemed to be that Europe will not suffer a money stringency as a result of the conclusion of peace. It was pointed out that Europe had expected the payment of a large indemnity by Russia and had accumulated great funds for such a contingency. These funds, it was said, would be more than ample to meet any possible success.

## FEVER REPORT

### Two More Physicians Succumb to the Disease—Its Appearance Elsewhere.

New Orleans, Aug. 30.—Fever report up to 6 p. m.:  
New cases, 46.  
Total cases to date, 1,878.  
Deaths, 4.  
Total deaths, 271.

Among the list of stricken to day were two physicians, making four in all who have succumbed. The latest victims are Dr. J. T. Wolf and Dr. L. A. Moreaux, health officer of St. Bernard parish. Both were undoubtedly infected by stegomyia while working among their patients.

The biennial convention of the Knights of Pythias and encampment of the uniform rank is scheduled to be held here in September next year. Headquarters already have been opened and preparations are under way for the convention. No further steps, however, will be taken until the supreme body, which was called to day to consider the matter, acts finally.

Washington, Aug. 30.—The surgeon general of the army to day received a telegram stating the mayor of Pensacola, Fla., had officially announced yellow fever had broken out in Pensacola and Augusta, Ga.

Jackson, Miss., Aug. 30.—Secretary Quilter, of the state board of health, received at noon to day a report from physicians of Vicksburg that there are two cases of yellow fever in that city.

Calro, Ill., Aug. 30.—Capt. N. B. Thistlewood, formerly mayor of Calro, to day was arrested, and later released, for entering Calro without a health department permit. Thistlewood denies the right of health officials to prevent his coming into Calro without a permit. He came and was arrested, but after a short detention was released.

**SULTAN DEFIES FRANCE.**  
Tanger, Aug. 30.—The sultan has replied by letter to the French minister that he continues to regard the recently arrested French-Algerian merchant as a Moroccan subject and will refuse to comply with the demand of the French government for his liberation.

**NAVAL VESSEL ASHORE.**  
Baltimore, Aug. 30.—United States navy collier Marcellus is ashore below Bodkins Point.

**POLE SEEKER RETURNS.**  
New York, Aug. 30.—Anthony Fila, commander of the Zeigler polar expedition, arrived to day on the steamer Oceanic from Liverpool.

## NOT SATISFIED

### Secretary of Navy Disapproves of Bennington Finding—Orders Court Martial for Two Officers.

Washington, Aug. 30.—Secretary Bonaparte to day acted upon the findings of the court of inquiry in the case of the Bennington explosion. He disapproved of so much of the findings as to declare the Bennington was "in an excellent state of discipline and good and efficient condition at the time of the explosion," and it is particularly severe in comment upon failure of officers to look after safety valves. He further says the court of inquiry's findings attached to the Bennington inquiry's failure to make any findings respecting the captain of the ship, Lucien Young, does not meet his approval, and that to clear himself Young must appear before a court martial. Ensign Charles T. Wade, in charge of the machinery, is also ordered before a court martial.

## GRAND CIRCUIT RACES

Providence, R. I., Aug. 30.—Rain which fell shortly after 4 o'clock caused postponement of part of to day's program at the Grand circuit meeting. The unfinished Park Stakes of yesterday resulted in Edwin C. defeating Alfordson for first money by winning the seventh heat, time 2:04. Saddle Mac, outclassing her field and winning in straight heats, captured the \$5,000 Roger Williams stake for 212 trotters. Summaries:

## WHISKY HIS DOWNFALL

Pana, Ill., Aug. 30.—Mrs. J. W. Croucher, of Danville, is in the city looking after the interests of her son, Harrow Croucher, who is in jail charged with obtaining money under false pretenses. Croucher gave a horse and buggy to Luther Morgan for security on a loan of \$20. Mrs. Croucher charges three saloon keepers, Joseph Repasky, August Metzger and Frank Fleck as being responsible for her son's downfall, as they sold him liquor. She secured counsel and left for her home in Danville, after saying she would prosecute the saloon men and also ask for damages.

**M'FARLAND QUILTS DECATUR.**  
Decatur, Ill., Aug. 30.—Mont M'Farland, who has for the past two years been manager of the Decatur team of the Three Eye league, has announced that he will not be of the team next year. He has not said what he expects to do.

## "PUTS AND CALLS"

### Restoration on the Chicago Board of Trade of This System of Dealing.

Chicago, Aug. 30.—Trading in "puts" and "calls" is to be re-established by the Chicago board of trade. By a vote of 50 to 24 a resumption of this form of trading was decided upon to day. "Privileges" trading was abandoned here some time ago when the board of trade began a crusade against bucket shops and the question of re-establishment of "puts" and "calls" was raised by believers in that system, who caused an amendment to the rules to be submitted to vote by means of a petition. This virtually forced the board to officially express itself on a question covered by statutes carrying penalties for violation.

## COACH TURNED OVER.

Washington, Aug. 30.—The rear coach on a South Carolina & Georgia railroad turned over at the Reynolds street crossing to day. F. J. Murphy, a police health officer, was killed. Three other persons were injured.

## VOLCANOE SHOWING ACTIVITY.

Messina, Aug. 30.—Sicily, the ancient crater in the island of Stromboli, is in full eruption. A panic prevails in villages around the volcano.

Naples, Aug. 30.—Mount Vesuvius is in full eruption and is throwing out an enormous amount of lava.

Naples, Aug. 30.—Violent earthquakes are reported from Sulantia and Paterni simultaneous with the eruption of Vesuvius and Stromboli. Many houses fell, church steeples tottered and there was a great panic. The population of two villages fled to the country. Two persons were killed and more than a hundred were injured.

## DOES NOT FIND DISCRIMINATION

### REPORT ON MEAT INSPECTION AND SERVICE

#### Solicitor McCabe Says there is No Wrong Doing in the Department of Animal Industry—Salmon Exonerated.

Washington, Aug. 30.—No discrimination in the work of the meat inspection service and exoneration of Dr. D. E. Salmon, chief of the bureau of animal industry, and agriculture, of charges growing out of business connections here, are the findings announced to day by Solicitor McCabe of that department as a result of his investigation of charges against that branch of the department. McCabe's work has been approved by Secretary Wilson.

The report says that Dr. Salmon's connection with a local business firm, while not ideal for a government officer, did not involve any wrongdoing and that he never benefited from the government contract with that firm.

In summing up findings concerning official claims of meat inspection service, McCabe says:

"I find that during 1901 twenty applications for inspection were received, of which sixteen were granted and four refused. In 1902 thirteen applications were received; ten were granted and three refused. In 1903 twenty-seven applications were received, four granted and twenty-three refused. In 1904 twenty-seven applications were received, in granted and seventeen refused. During 1905 to this date twelve applications were received, and granted, nine refused and two are pending."

"I find refusal to grant inspection has, in a majority of cases, been based on the fact that the appropriation has been entirely inadequate to cover the inspection of all meat used in interstate trade, and the department policy appears to have been to grant inspection where the outlay of money would cover inspection of the largest number of animals. I do not find that there has been any discrimination."

## WESTERN GOLF

Chicago, Aug. 30.—Play in the women's western golf championship has reached the second round and Miss Annie Palmer, of Kenosha, is the only player outside of Chicago who survives the first round. In the second round to morrow Mrs. A. T. H. Brower, gold medalist of the qualifying round, will to morrow meet Mrs. C. L. Deering, Midlothian, and a close game is looked for. In her game to day with Mrs. Driver, of Riverside, Mrs. Deering showed some terrific driving. At the home hole she drove to the second bunker. Mrs. Brower also put up a strong game, making a 36 and defeating Miss Elizabeth Young 5 up 4 to play.

### LEADS ALL OTHER NATIONS.

Leslie's Weekly.—It was in the Taylor-Fillmore presidential term that the United States census officials made their first inquiry into the value of the real and personal property of the country. This has been part of the census work at the regular decennial enumerations ever since. Here is the result, giving the total wealth of the country and the wealth per unit of the population:

	AGRIC.	Per capita wealth.
1850	1,000,000,000	\$ 208
1860	16,000,000,000	614
1870	30,000,000,000	780
1880	42,000,000,000	860
1890	65,000,000,000	1,033
1900	94,000,000,000	1,236
1905	110,000,000,000	1,325

These are the census official's own figures of wealth to and including 1890. Those for 1900 are the census authorities' tentative estimate, based on the data which had been obtained. The figures for 1905 here given are computed at the rate of growth between 1890 and 1900, and are, therefore, conservative. For wealth is expanding faster in this decade than it did in that of 1890-1900, which had the panic of 1893, whose ill effects lasted until 1897 of 1898. In the half century from 1850 to 1900, when the population of the United States increased from 23,000,000 to 76,000,000, or multiplied three and one-third times—a rate of increase far beyond that of any other great country—its wealth expanded from \$7,000,000,000 to \$94,000,000,000, being multiplied more than thirteen times. No other country closely approaches the United States in wealth. From the most trustworthy data obtainable this is how the principal countries stand in 1905:

Spain	\$12,000,000,000
Italy	15,000,000,000
Austria-Hungary	30,000,000,000
Russia	35,000,000,000
France	46,000,000,000
Germany	50,000,000,000
United Kingdom	55,000,000,000
United States	110,000,000,000

Wealthier than the two countries—the United Kingdom and the empire of Germany—which stand nearest to them, the United States are rapidly increasing their lead over the other nations.

### APPOINTMENTS.

Lawrence B. Stringer, of Lincoln, late candidate for governor on the democratic ticket, was favored by Governor Deneen with the appointment as minority member of the court of claims. The governor appointed him presiding judge of the commission. He succeeds Luther M. Dearborn, of Chicago.

Five other appointments were made. Hon. Charles G. Eckhart, of Tuscola, Douglas county, was appointed a member of the board of pardons to succeed Judge Layman of this city. Mr. Eckhart is a leading lawyer of eastern Illinois, a man of fine character and high attainments. He did not apply for the position, but was requested to serve by the governor. Judge Layman has made an efficient official.

Charles McMahon, 1303 Wolfram street, Chicago, was appointed superintendent of the North Side Free Employment office. He is at present a member of the state board of equalization and was recommended by the republican leaders of Lake View.

The railroad and warehouse commission appointed Charles W. Andrews as registrar of the grain office in Chicago. Mr. Andrews was assistant treasurer of Cook county under Samuel B. Raymond and later was assistant treasurer of Illinois under Fred Busse.

Superintendent Mallory appointed Julius Johnson of Henry county as chief clerk of the reformatory at Pontiac. Mr. Johnson is the president of the Swedish Republican league of Illinois and was formerly assistant secretary of state. He was also connected with Mr. Deneen's headquarters during the preliminary campaign.

Henry Simms was appointed deputy warden of the Illinois state penitentiary at Joliet. Mr. Simms is a policeman of Chicago who was detailed for eight years to represent the police force in Mr. Deneen's office when he was state's attorney of Cook county. Mr. Simms has a wide experience in dealing with criminals and was considered by Mr. Deneen one of the best policemen in Chicago. He was appointed to the position of deputy warden because of his wide familiarity with criminals.

### SHERMAN DENIES STORY.

Judge Sherman denies emphatically that he called Senator Cullom "antique" or former Governor Yates a "dub." In a recent interview sent out from St. Louis Judge Sherman was quoted as applying these terms to Cullom and Yates. In his denial he said:

"I used no epithets about Senator Cullom or former Governor Yates. They were supplied by the reporter. When asked what gossip there was about these probable candidates, I simply said that I had heard Cullom referred to as an 'antique' and Yates as a 'dub.' I did not adopt or approve either of these terms. Senator Cullom and former Governor Yates may both be candidates. I do not understand any one has announced himself yet. I am neutral as between them. I do not wish to be understood as criticizing or attacking the personality or candidacy of either."

### BRYAN REJOICES.

William Jennings Bryan, when he was informed that peace had been declared between Russia and Japan, "You don't tell me! That's great! I am glad of it," were the expressions made by the man twice candidate for the presidency when the press bulletins were handed him to read.

"While the action on the part of the Japanese was magnanimous, it was what I had anticipated as the final outcome, but hardly so soon. I rejoice that the peace dove has settled, and more than that, I am glad that our President has been the means of bringing about this peace. I rejoice when it is to be declared to the world that our President has been the peacemaker between Russia and Japan."

### Folding Tablecloths.

Tablecloths look much better if there is no fold, except down the middle of the table. To keep a cloth thus it must be pulled very even before ironing and then ironed very carefully and very dry on both sides. Then, with a fold once, not creased, it may be rolled around rolls of paper kept for the purpose.

### DENEEN DELEGATES.

Governor Deneen has appointed the following delegates to the fourteenth annual meeting of the association of military surgeons, to be held in Detroit, Mich., September 25 to 29: Col. N. E. Seay, Maj. Charles Adams, Maj. B. S. Rogers, Capt. S. C. Stanton, Lieut. Col. G. Starrett and Maj. E. J. H. Farrell, all of Chicago; Lieut. Col. Henry Richings, Rockford; Lieut. Col. L. C. Taylor, Springfield.

### BETTER CIGARS FOR LESS MONEY

This Is the Reason Why Armstrong & Armstrong Sell Wadsworth Bros.' Cigars.

"In the last few months," said Armstrong & Armstrong, "we have made a wonderful sale for Wadsworth Bros.' Cigars." These cigars give better value for the money than any other cigar we ever saw. We take pride in giving our customers the best of goods for the least money, and we recommend the Chicots to those who were smoking ten or fifteen cents goods."

Chicots have a long Havana filler, burn freely with a pleasant fragrance and are a mild and enjoyable smoke that pleases the most fastidious. "It is only about once in a hundred times," he continued, "that we find a cigar equal to its manufacturer's claims but in Chicots we have found one even better, one that fully confirmed what Wadsworth Bros. asserted, a better cigar for less money."

It sells for five cents straight, and as we said before we recommend it to all who want a good cigar no matter what the price.

### ALL OVER THE HOUSE.

To Protect the Piano From the Effects of Summer Humidity.

Humid days, several in succession, will have a marked effect upon a piano if measures are not taken to dry it at the first opportunity. As soon as the sun shines open the instrument wherever there is a lid that the damp it has absorbed may have a chance to escape. Otherwise the tone will be muffled, the keys will stick and other annoying defects will be occasioned.

If an apartment is to be closed while the family is away for a two weeks' vacation, do not be satisfied with just shutting down the lid. Clean the instrument first thoroughly. Then when it is used again it will not require a tuner and a cleaner.

Next remember that there is a good deal of felt within that moths like. Get the old fashioned camphor, make a small bag, and after filling it with the gum hang it inside the case if the piano is an upright or lay it down if it is a grand. Over the wires run a pad of several sheets of tissue or newspaper to absorb dampness, preventing the wires from rusting, and over the keys lay several more sheets of white tissue paper, which will not only help to keep the keys clean, but will keep them from turning yellow. Then cover entirely with a flannel sheet.

### To Break Glass Evenly.

If you want to break off a glass jar or bottle quite evenly soak a piece of string in turpentine and tie it around the glass just where you wish the break to come. Then fill the glass up to that point with cold water and set fire to the string. The glass will snap all along the heated line. N. B.—By breaking off the top of a broken and battered decanter it may, if the base be intact, be converted into a useful sugar basin or fruit dish.

### A Lasting Glue.

To make glue that will last for years break some pieces of glue and place them in a bottle with some whisky. Cork tightly and set aside for a few days, during which the glue will dissolve. This should be ready for use at any time, except in very cold weather, when it may be necessary to place the glue bottle in hot water for a few minutes before using its contents.

### Rules For Preserving.

In making preserves the following are excellent rules to observe: First, the fruit must be gathered dry; second, it must be carefully stirred with a wooden spoon to prevent burning; third, it must be slowly boiled before adding sugar and quickly boiled after, and, fourth, it must be put in well dried pots and kept in a dry, airy place.

## RUSHVILLE RACES

High Society Owned by Arnold Bros. Won 2:28 Trot in Straight Heats—Minimum Who Made Fine Showing in 2:30 Pace Met With Accident—Many Went From Here.

Three Jacksonville horses were entered in the Rushville races Wednesday and a large number of local horsemen and others interested went over to see the card run off. Minimum, owned by O. C. Henry and driven by Dave Neal, and Lady J., owned and driven by Ed Jericho, were entered in the 2:30 class pace. Minimum drew the pole and when the word was given in the first heat went away like a bullet, leading the field to the three-quarters pole. Here The Earl and another horse pulled even with the honest little fellow and although it was a race every inch of the way, The Earl took the lead and the best Minimum could do was to make it a close third. Lady J. was distanced in this heat.

In the second heat Minimum got away well and was going fine for over half the distance when she stepped in a hole and fell, throwing driver Neal from the sulky, but both horse and driver escaped serious injury. The harness was badly torn and the horse was badly skinned in several places, otherwise this promising animal was unharmed. The time was very fast, The Earl winning the race in straight heats, the best time being 2:15 1/2.

High Society, owned by A. D. and J. W. Arnold, of this city, was the winner of the 2:28 class trotting in straight heats, the best time being 2:24 1/4. Both purses were for \$300.

Among those who went to Rushville Wednesday were: O. C. Henry, A. D. Arnold, John Clary, Frank Lohman, Frank Huffaker, William Groves, Robert John R. Davis, Harry Hopper, Robert Coultas, Albert Gebert, Chas. Cully, Scott Green and J. E. Dillon, of East St. Louis.

Buy Herman's celebrated milk; always the best and cheapest.

## WEDDING ANNOUNCED.

Announcement is made of the wedding of Miss Edith Elizabeth Looe, of Iliopolis, to Dr. Charles Martin Wood, of Decatur, to take place Tuesday, Sept. 12, at the home of the bride's parents in Iliopolis. They will be at home after Nov. 1, at Decatur. Miss Looe is well known here. She was formerly a student of the Illinois Woman's college, graduating last year.

## HELD RESPONSIBLE.

Albany, N. Y., Aug. 30.—John Dyer, Jr., contractor, was arrested today, and Clark L. Daggett, his superintendent architect, ordered under arrest and the charges of manslaughter and criminal negligence in connection with the collapse on Aug. 8 of the central portion of the department store building of John G. Myers & Co., which resulted in the death of thirteen and injury of about forty others.

## AT ODEON HALL.

The dance at Odeon hall is proving a great success. It will continue all week.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## SUICIDE AT ST. LOUIS.

St. Louis, Aug. 30.—T. E. Ralston, a prominent attorney and for years chief counsel for the Wiggins Ferry company, committed suicide to night by shooting himself in the stomach.

## MISS PRESTON WILL BE QUEEN

EXCITING SCENES ATTEND LAST HOURS OF BALLOTING.

Miss Mae Hildreth the Maid of Honor—Winner Had Over 27,000 Votes—Third Day of Jubilee—Automobile Parade To Night.

Miss Josephine Preston was the lucky winner of the \$100 in gold and the trip to the great White City in Chicago, which accompanied the honor of being elected queen of the carnival. The contest grew very exciting toward the last, and the balloting was watched by an eager throng, who greeted the announcement of the result with wild applause. Miss Mae Hildreth was second, Miss Mae Hickman third and Miss Willa Worsham also received a handsome vote.

The polls closed at the stores as announced, and were reopened at the wagon stationed on West State street in the rear of Ayers' bank. At 8 o'clock the ballot stood: Miss Hildreth, 6,949; Miss Preston, 5,842; Miss Worsham, 4,942; Miss Hickman, 3,342; Miss Nealon, 642; Miss Leo, 406; Miss Waters, 105. The last three named never changed and the contest was between the first four.

The counting of the ballot at 8:15 was awaited eagerly, and the result showed considerable gains. The vote stood as follows: Miss Preston, 7,842; Miss Hildreth, 6,497; Miss Worsham, 4,952; Miss Hickman, 3,343. At 8:30 Miss Preston was still in the lead, but showed only a small gain, while the other candidates were the recipients of hundreds of votes. Owing to the length of time it took to count this vote the 8:45 count was omitted, and the 9 o'clock vote was as follows: Miss Hildreth, 8,707; Miss Preston, 7,912; Miss Worsham, 7,207, and Miss Hickman, 4,355. Many thought that the limit had been reached, but when the box was finally opened after the last vote had been cast at 10 o'clock it appeared that all that had preceded was merely play. Where hundreds were cast before thousands were voted, and the totals exceeded the greatest expectations of all. The unofficial count showed Miss Preston to be in the lead with 32,202; Miss Hildreth second with 26,587; Miss Hickman third with 20,955, and Miss Worsham fourth with 12,227. The candidates were represented during the counting by Joseph Preston, George W. Scott, John Honeghan, G. F. Campbell and E. E. H. Ticknor.

## OFFICIAL COUNT.

The official count was made in the Elks' club rooms, in the presence of George W. Scott, John Honeghan, E. E. H. Ticknor, W. C. Howe and T. W. Allen. Some rather startling errors in marking the envelopes containing the votes were found, which changed the number considerably, but did not effect the final result. The chief error was in placing 100 coupons and \$10 in money in envelopes, and labeling it 2,000 votes, while the number should have been 200 coupons in each. This was done in ten cases. The official count follows:

Miss Josephine Preston ..... 27,547  
Miss Mae Hildreth ..... 26,587  
Miss Mae Hickman ..... 21,955  
Miss Willa Worsham ..... 12,227  
Miss Jeanette Nealon ..... 842  
Miss Dorothy Lee ..... 406  
Miss Katie Waters ..... 105

The third day of the carnival was a decided success. The shows were all well patronized and the crowd on the square in the evening was unusually large.

Mr. F. E. Richmond, press agent of the shows, treated Honeghan's newboys and the Postal telegraph boys to a circuit of the shows Tuesday afternoon, and Wednesday night he took the Courier and Journal car-

riers and the Western Union messenger boys around. All were greatly pleased with the shows, which were enjoyed very greatly.

The Coliseum seems to be the main point of interest in the shows. It was packed at each performance yesterday, and an additional section of seats had to be provided. The "Rubber wagon," which made the circuit of the streets Wednesday night with the Velare trio of acrobats created a great deal of amusement.

## AUTOMOBILE PARADE.

The automobile parade will form to night at 7:30 o'clock in front of the Coliseum, and will be headed by the Carnival band, and the queen and maid of honor in an automobile. The line of march will be around the south side of the square to West State up State to Church, down Church to College avenue, College avenue to Main, Main to square, around the square to north side, and back to the Coliseum, where the queen will be crowned at about 8 o'clock.

The baby parade will start in front of the Coliseum Friday afternoon at 2 o'clock. All entries must be made at E. W. Bassett's jewelry store.

In accordance with the published agreement of the Engles' committee, 50 per cent of their share of the receipts of the shows Wednesday will be divided among the two hospitals and the Old Peoples' home.

## MATEJCNAL

## RANGAN-LAWLESS.

Thomas Rangan and Miss Johanna Lawless, both of this city, were married by Rev. Fr. Finnegan Wednesday morning at 8 o'clock. They were accompanied by Miss Mary Lawless, a sister of the bride, and Daniel Winters.

Mr. Rangan is an employee of the Central hospital, and his bride is a daughter of Mr. and Mrs. Jerry Lawless, of East Court street.

## LARGE AUDIENCE PRESENT.

Dr. Charles E. Crane, pastor of the People's church of Boston, Mass., lectured to a large audience at the Centenary church Wednesday evening, his subject being "Man." The lecture was very eloquent and impressive, and full of good thoughts, and was heard with interest, especially by the men, who formed a good per cent of the audience. Dr. Crane has been very successful in his work with men, about 75 per cent of the members of his church being of the stern or sex.

## THE VICE PRESIDENT.

Watertown, N. Y., Aug. 30.—Vice President and Mrs. Fairbanks passed through this city to day enroute from Thousand Islands for Sacet's Harbor, where they will be the guests of former Secretary of State Foster. When asked for an expression on the peace conference, Fairbanks said: "The result is very satisfactory and gratifying and is a credit to the president of the country."

## POSTAL INCREASE.

Washington, D. C., Aug. 30.—Though it is not probably true that postal cards are not used as much as in former years for conveying personal messages, the records of the postoffice department show that the total sale of cards has increased during the past year. The reason for the increase is said to be that cards are now more freely utilized by numerous mercantile houses conducting "mail order" business. Approximately 4,691,205 more cards were used than during the previous year, an increase of about 18 per cent, the increase in revenue being \$40,349. The use of the telephone which has rapidly increased during the past few years, is considered a probable reason for the falling off in the use of cards for private and personal messages. Communication formerly conducted by mail, largely through the medium of cards, is now effected generally and more satisfactorily by phone.

For general use the most popular and widely used postal card is the McKinley one cent card. This is considered the prettiest and neatest ever issued. It was first put in use in March, 1902, and according to the records of the department is the best seller of all the cards.

All the postal cards issued by the government are shipped direct from the mill where they are produced at Rumford Falls, Me., to the distributing offices at Washington, Troy, St. Louis and Cincinnati. The middle west is supplied from the two points last named.

## The Gallant Grocer.

Mrs. Binks—My husband did not like that tea you sent us last. Grocer (politely)—Did you like it, madam?

Mrs. Binks—Yes, I liked it. Grocer (to clerk)—James, send Mrs. Binks another pound of the same tea she had last. Anything else, madam?—New York Weekly.

## Doing Nothing.

"We all have our burdens to bear," remarked the minister. "Life at best is but a series of trials."

"Perhaps you are right, parson," rejoined the unsuccessful lawyer, "but somehow I don't seem to have much luck in getting mixed up in the trials of others."—Chicago News.

## MRS. JELIFFE

(Original.)  
Bert Preston and Florence Holt met  
when he was twenty-three and she was  
eighteen. Had not Bert gone west to  
seek his fortune they would undoubtedly  
have made a match. As it was,  
neither knew of the predisposition of  
the other. In time Bert felt under the  
influence of a widow, a Mrs. Jeliffe,  
considerably after that he and a married  
lady, a young wife, were to be a lot-  
tery, but it was rather a matter of col-  
umns. There was certainly no com-  
mon sense in the Preston-Jeliffe  
union. Mrs. Jeliffe was a widow, and  
there was no knowledge to be derived  
from any one as to the taking of of  
her first husband; but that was sus-  
picion, attached to his widow, but there  
was a mystery concerning his death.  
She left Preston a miserable life for a  
few years, then his great relief sud-  
denly disappeared.

When Preston went back west he  
carried with him the assurance that if  
at any time he learned of his wife's  
death Florence would marry him. They  
corresponded, daily, and with the ex-  
ception of being together, were as hap-  
py as possible. Then a paper came  
to Preston from a southern city with  
a marked death notice—that of Mrs.  
Anthony Jeliffe. That same evening  
found Preston on the train bound east.

He wrote the newspaper containing  
the notice for information, but could  
get none. After a long period of in-  
quiry as to the late Mrs. Preston-  
Jeliffe and a failure to learn why the  
notice had not been sent instead of  
Jeliffe, Bert and Florence concluded to  
consider the woman dead and marry.

When this time Preston returned to  
his western home he took with him the  
woman he should have taken in the  
first place. They made each other  
very happy, and several children  
sprang up about them. Their neigh-  
bors all said that if marriage is a fail-  
ure there was one exception to the  
rule—the case of the Preston family.

One evening when Preston was sit-  
ting on the front porch, with his chil-  
dren climbing over him, Mrs. Preston  
sitting by sewing, there was a creak at  
the gate. Mrs. Preston looked up to  
see a strange woman coming in, while  
Preston was paralyzed with the sight  
of the late Mrs. Jeliffe-Preston.

"Bertie," said the intruder, "I've  
come back. Aren't you glad to see  
me?"  
When Florence glanced at her hus-  
band, or rather the man she had sup-  
posed was her husband, she knew by  
the despair on his face that the dead  
wife had come to life. Mrs. Jeliffe,  
as she must be called to distinguish  
her, came up to the porch, took a seat  
and fanned herself.

"Bert," said Florence, "there is noth-  
ing for us to do, for the children's  
sake if not our own, but to stand by  
each other." Then, turning to the in-  
truder, she continued: "This man may  
be your husband in the sight of an  
imperfect law, but he is mine in the  
sight of a perfect God. Go."

There was something so impressive  
in the speaking of the words that Mrs.  
Jeliffe was for the moment vanquished.  
She arose and departed, but before go-  
ing out the gate she turned and look-  
ed one shot. "We'll see about that."

Mrs. Jeliffe settled herself down in  
the town, intending to get rid of her  
rival, not by legal process, but by per-  
secution. She would have failed to  
make any great impression had it not  
been for the man. Florence overcame  
her by a superiority in every respect.  
It was the terrible effect the intruder  
had upon Preston that destroyed the  
family happiness. The woman had  
only to remain in the place where the  
Preston family lived to make a wreck  
of Preston. Such situations at times  
induce murder, and Florence watched  
Preston night and day that under the  
terrible temptation he should not make  
the matter a thousand times worse by  
crime, but the strain was too great  
even for a woman of superior  
strength, and Florence at last broke  
down.

One morning while at breakfast  
Preston took up his newspaper, and  
his eye lit on the following:  
Matilda Jeliffe was last night arrested,  
at the instigation of her husband, An-  
thony Jeliffe, on a charge of bigamy. It  
is charged that Mrs. Jeliffe deserted her  
husband and married Mr. Adelbert Pre-  
ston of this city. Her husband (Jeliffe) by  
threat of exposure induced her to return  
to him, and in order to conceal herself  
sent a printed notice of her death to  
Mr. Preston. Recently the Jeliffe couple  
agreed that Mrs. Jeliffe should return to  
Mr. Preston, presumably to levy black-  
mail. If any was obtained, Jeliffe got  
none of it, hence the split between the  
Jeliffes. When rogues fall out honest  
men get their dues.

Washington, Aug. 31.—For Illinois: Partly cloudy Thursday; cooler in northeast. Friday, fair and warmer in north; fresh north to northeast winds.

### A GREAT BIG SUCCESS

2172 Persons Visit Peggy From Paris in Three Hours.

All records were broken in the carnival business in this city last night when 2,172 persons, in three hours visited "Peggy From Paris," and to say that each one was pleased would be putting it mildly. It is surely the best ten cents worth seen in this city. Elita Louise Blake announces that commencing to night there will be a complete change in the program. We don't see how she can improve it much. It's great.

New fall goods arriving daily at Herman's. See them.

### FRATERNAL CONVENTION.

Milwaukee, Aug. 30.—One of the principal speakers before the fraternal convention to day was Insurance Commissioner Host of Wisconsin, who spoke on "The Future of Fraternal Societies." He said that experience had demonstrated that rates must be calculated on mortality tables; reserve provisions must be made to equalize hazard of increasing age; provisions made for regular increase in membership; fraternal orders by their methods of economical management can grant insurance at less cost than many old-line companies, and that fraternal insurance, properly conducted, more nearly covers all needs of the people.

Officers elected are: President, George R. McKay, Cleveland, Ohio; vice president, George A. Scott, Waverly, N. Y.; secretary-treasurer, D. C. Robinson, Philadelphia; executive committee, L. Campbell, Neenah, Wis., and T. B. Hanley, Des Moines.

New Fall millinery and ladies' novelties arriving daily at Herman's.

### DEATH RECORD

#### DOYLE.

Miss Mary Doyle passed away at her home on Pine street Wednesday evening at 8 o'clock at the age of 40 years. She is survived by one sister, Miss Susie Doyle, with whom she made her home. She was the daughter of the late Edward and Ann Doyle. Her father, who died about four years ago, was a veteran of the Mexican war.

Announcement of the funeral will appear later.

### GREAT FUTURE FOR CORN.

Willis H. Post, an expert, formerly of Bloomington, now in business in London, says there is a fight for future expansion in the use of corn, and if the English people were only taught to use the cereal in its many wholesome forms, the poorer classes of that nation would find a much-prized boon in the way of cheaper food, while at the same time the American farmer would find a market for the vast quantities of corn which he now sells practically none at all. The English people know nothing of meal or hominy. The only thing they ever use is what we call canned corn. This is very expensive and comparatively little of it is used among the common classes of people. Mr. Post's idea is to establish a propaganda to show the English public how to use corn. Such a campaign, if carried on systematically, would be of great value to the American farmer. This is simply carrying out the idea which Clark E. Carr, of Galesburg, instituted at the Paris exposition. He organized a kitchen, imported a number of cooks and instructed people in the use of corn.

### A FATAL MISTAKE.

Prairie du Chien, Wis., Aug. 30.—Vill C. Bokand, aged 13, of Senia, is dead and his mother in awful agony as a result of administration of a dose of corrosive sublimate instead of cream of tartar by mistake.

### THE PRESIDENT'S SON.

Deadwood, S. D., Aug. 30.—Kermit Roosevelt, son of the president, returned to Deadwood to night after a ten days' hunting trip with Capt. Seth Bullock and party. The fifth day out young Roosevelt killed a small brown bear and later added two wild cats to his bag of game. During the ten days the party rode horseback and covered 350 miles.

## IN THE TOILS OF THE LAW

HOTEL SWINDLER ARRESTED IN NEW HAVEN, CONN.

Unless Punished in Nutmeg State Requisition Papers Will Be Asked for and Prosecution Will Be Made Here.

Frank W. Oliver, F. Oliver, or Frank Dickinson, as he variously signs himself, who is wanted in this city and several other Illinois towns for passing worthless checks on hotel men, is in custody in New Haven, Conn., charged with passing a worthless check upon a merchant of that city. The following concerning his arrest is taken from Wednesday's Record-Herald, under a New Haven date:

"A man who gave the name of Frank Dickinson and had in his possession a hand bag filled with check books from banks throughout the country was arrested here to day on charge of passing a bad check. The police believe he has conducted swindling extensively in many cities. He gave a merchant a check on a bank here in the name of Frank Dickinson and the bank refused to honor it. Dickinson's books show he has small deposits with E. Morris & Co. and the State Bank of Chicago."

Messrs. Richardson and Brennan, of this city, who have been especially active in the search for the man, were notified Wednesday by the proprietor of the Liebel house, of Erie, Pa., that their man was in custody in New Haven. There is little doubt as to his identity, as the game he worked in the east is the same as the one which took in so many of the hotels of this section. Richardson & Brennan, of the Pacific, are especially anxious to have the prisoner brought to this city and will get out the necessary requisition papers, but if the authorities of New Haven have sufficient evidence to convict he will be tried there.

The man in question is the one who recently passed worthless checks, most of them for \$54 each, at the leading hotels of this city, Springfield, Moine, Delevan, Peoria, Rock Island, Galesburg, Ill., and Cedar Rapids, Iowa. His capture is probably the result of the effort of the local hotels, who advertised him widely.

Deputy Sheriff George W. Smith has been assisting Messrs. Richardson & Brennan on the case, and if the requisition papers are used he will probably go east to serve them.

### MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 61 years old." Sold by J.A. Obermeyer, City drug store.
